

A/B Wall and ceiling loudspeaker 2x 6 W / 100V

The A/B Series wall and ceiling speaker is equipped with two independent transformer/speaker combinations. Thus, a supply via two separate lines is possible. The loudspeaker is characterised by good music reproduction and clear syllable comprehension.

The scope of delivery includes screws, dowels and the aluminium mounting bracket.

A/B Wall and ceiling loudspeaker
2x 6 W / 100 V
Art.-No. 4 777 5
